

## **Guidelines and Timetable for Grants Awarded from the Union County Public Trust**

### **GUIDELINES**

The Union County Community Foundation makes most of our grants to tax-exempt, private agencies classified as 501 (c)(3) organizations as defined by the Internal Revenue Service. UCCF may also make grants to governmental agencies.

The programs UCCF considers for support are located in Union County, or will directly benefit Union County residents. UCCF looks for creative programs designed to meet community needs, to address public policy priorities, or to test new ideas.

UCCF does not award grants for political purposes. Except in the case of donor advised or designated funds, Union County Community Foundation does not typically award grants to individuals or organizations for religious purposes, for capital outlay or capital campaigns, for endowments or for salaries.
